WEST SEASIDE TOWN

Name of New Town to be incorporated at Seaside Resort.

DAN MOORE WILL BE MAYOR

Senator Dan J. Malarky Has Introduced a Bill to Incorporate the West Side of the Necanicum at Seaside With City Officers.

As published in the Astorian last week, a new town is to be incorporated on the west side of the Necanicum at Seaside.

If the plans of Senator Dan Malarky are carried through, and there is usually no trouble in the swift passage of all bills of local nature, this will be the case. The charter to incorporate the west side of the Necanicum river, which is used by the summer resorters, is now in the hands of the Multnomah senator and will probably be introduced today. Attempts have been made a number of times to include the west side in the corporate limits of Seaside, but this met with such opposition as to always fail.

The great objection seems to have been that incorporation might result in the establishment of saloons where people who spend their summers at the coast reside, and there was a unanimous sentiment against any such proposition.

Under the proposed bill which names the first set of officers, Dan J. Moore, president of the Multnomah Club and proprietor of a hotel on the beach, will become the first mayor while the following men, mostly well known Portlanders, are named for councilmen: C. G. Henry, A. G. Long, Edgar B. Piper, P. L. Willis, M. P. Henderson, E. C. Johnson, Albert E. Butterfield, Paul Wesinger, E. M. Grimes, J. F. Logan and Otto J. Kraemer; recorder, Mr. Kitterman; treasurer, H. D. Stevens; marshal, Charles Dubois.

The only qualification for holding office under the charter is that the person must be a taxpayer and the men named have property on the beach

which their families use every summer. The officers named are to serve during the summer months.

There was some talk of changing the name of the town to Ocean Grove, but this was thought inadvisable, as the settlement is so commonly known as Seaside. The change was therefore made by calling it West Seaside. The change will assist in the government of the water system, as the mains of the Seaside system run all through the grove from the lower to the upper bridge.

OUT OF THE ORDINARY.

Epitome of Anecdotes and Incidents With Comments by a Layman.

An Astoria man remarked yesterday that "the Tuttle charter will not make Astoria heaven."

No; but it will come so near it that Astorians will leave for heaven with reluctance.

Even the kids have been pulling the mule's tail. And its name was Maud.

An Astoria democrat recently had a bath tub put in his house. He explains, however, that he had to take it on an old debt, and proposes to use it only for decorative purposes.

Some of the ranch eggs of commerce really ought to have a certificate of health from City Physician Pilkington.

"Please sir," said a beggar to Chief Hallock, "I'd like to get a square meal."

"Here, poor fellow," said the chief, "here's a nickel for you."

"Oh, thank you, sir; but pardon me, you haven't got a dyspepsia tablet, about you, have you? I always suffer when I over eat."

Director Campbell of the Lick observatory says "the problems immediately confronting the astrophysicists are serious ones. Probably that's what ails the Astoria democratic mule."

An automobile was driven five miles in 3 minutes, 17 seconds on the racing beach in Florida. "Nearer, my God, to Thee!"

The Nebraska legislature is going to ask would-be senators how they stand on public questions, and might also request them to bring in their indictments, if any, for purposes of identification.

Mrs. Chadwick has been officially

adjudged a bankrupt by the courts. Another evidence that she was something of a financier!

The chief of the federal bureau of chemistry has issued an order requiring all canned goods to be labelled. That's all right as far as it goes, but it should go far enough to prevent Florida catfish being dyed pink and sold for genuine Columbia river salmon.

"And then, sir," said the man in the street car who was talking to a fellow passenger—"and then something happened to attract my attention."

"I'll bet I know what it was," replied the other.

"You can't possibly guess."

"But I think I can. A woman entered the car by the front door and left it wide open, as usual. It never fails."

Union Banquet.

Members of all labor unions are respectfully invited to attend a banquet given under the auspices of the Carpenters and Joiners Union of Astoria in Logan's hall on Friday evening, February 3. All are requested to present working cards or badges at the door in order to gain admission.

COMMITTEE ON INVITATION.

Tuesday and Thursday mornings the boat will lay at Ft. Columbia wharf for one hour. Subject to change.

The boat will leave Astoria Mondays and Wednesdays for Ft. Stevens and Ft. Columbia at 8 a. m. Returning, leave Ft. Stevens at 10 a. m., remaining at Ft. Stevens until 9:40.

Sickening Shivering Fits of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of this drug's bad after-effects. "S. Munday of Henrietta, Tex., writes: 'My brother was very low with malarial fever and jaundice, till he took Electric Bitters, which saved his life. At Chas. Rogers' drug store; price 50c, guaranteed.'

TELEPHONE

Your order when you can't come, but don't phone when you can come. This applies particularly to our window display of "Fine Stationery." You must see it to appreciate it. All sizes, colors, weaves and finishes—the price—a large tag on each box—stop and look.
